

Setting Up Your Utilities

5716 Bashford Crest Lane, Raleigh, NC 27606

Welcome! This guide walks you through setting up every utility for your new home. Please arrange for all tenant-responsible accounts to be active in your name as of your lease start date, so there's no gap in service — it's easiest to set these up about one to two weeks before move-in.

You'll open three accounts in your name: **electricity** (Duke Energy), **natural gas** (Enbridge), and one combined **City of Raleigh** account that covers water, sewer, garbage, and recycling. Internet is already provided through the home, so there's nothing to set up there.

• **At a Glance**

UTILITY	PROVIDER	SET UP BY
Electricity	Duke Energy Progress	Tenant
Natural Gas	Enbridge Gas North Carolina	Tenant
Water / Sewer	City of Raleigh	Tenant
Garbage & Recycling	City of Raleigh (same bill as water)	Tenant
Internet	Google Fiber (provided)	Landlord

• What to Expect Each Month

So you can budget with confidence, here are our actual 12-month averages from living in this home. Your bills will vary with the season and your own usage, but this is a realistic picture:

Typical monthly utility costs

Electricity (Duke)	~\$123/mo avg
Water, sewer & trash (City of Raleigh)	~\$73/mo
Natural gas (Enbridge)	~\$43/mo
Estimated tenant-paid total	~\$240/mo

Heads-up on summer: electricity climbs to roughly **\$170–185/mo in July and August** when the AC is working hardest, which pushes the total nearer **\$285–300** those months. Internet is already included in your rent (\$70/mo), so it's not an extra bill. These are our real averages — actual costs depend on your household and habits.

1 Electricity — Duke Energy Progress

Duke Energy Progress is the electric provider for this address. Set up service online or by phone; have your lease and move-in date ready.

ELECTRICITY

Duke Energy Progress

Phone	1-800-452-2777
Online	duke-energy.com — Start / Stop / Move Service
Have ready	Lease, move-in date, ID, this service address
Tip	Ask about Budget Billing to smooth out the summer peaks.

2 Natural Gas — Enbridge Gas NC

Natural gas service is provided by Enbridge Gas North Carolina (formerly PSNC / Dominion).

NATURAL GAS

Enbridge Gas North Carolina

Phone	1-877-776-2427
Online	enbridgegas.com/north-carolina — Start Service
Have ready	Lease, move-in date, ID, this service address
Tip	Ask about eBill, AutoPay, and Budget Billing.

3 Water, Trash & Recycling — City of Raleigh

Good news — the City of Raleigh combines water, sewer, garbage, and recycling into a single monthly bill, so this is one account, not four. Set it up with one call or online.

WATER · SEWER · GARBAGE · RECYCLING

City of Raleigh

Phone	919-996-3245
Email	customercare@raleighnc.gov
Online	raleighnc.gov — Start, Stop, or Transfer Utility Services
Included	Water, sewer, garbage & recycling — all on one bill
Fees	A service initiation fee and new-customer deposit typically apply (confirm current amounts at signup)
Have ready	Lease, two forms of ID, this service address

Trash & recycling day: Collection is Thursday (recycling every other week). Put the City-issued carts at the curb the night before and bring them back in promptly. Look up the exact schedule with the Raleigh Reuse tool at raleighnc.gov.

4 Internet — Google Fiber (Provided)

Internet is provided through the home's Google Fiber — the fastest, most reliable option in the area. There's nothing to set up; it's active at move-in.

INTERNET	
Google Fiber — Provided	
Monthly cost	\$70/month, included on your rent payment
Setup	None — active at move-in
Support	Contact us for any connectivity issues (the account is in our name)

✓ Move-In Utilities Checklist

- ☐ Set up Duke Energy (electricity) in my name — effective lease start date
- ☐ Set up Enbridge Gas (natural gas) in my name — effective lease start date
- ☐ Set up City of Raleigh account (water / sewer / garbage / recycling)
- ☐ Confirm trash & recycling days via the Raleigh Reuse tool
- ☐ Save all provider numbers and account numbers somewhere handy

Provider details and the cost estimates above are current as of 2026 and are our actual averages for this home; they're shared as a helpful guide, not a guarantee. Confirm current rates and fees directly with each provider.
